

# 2017 NPI AWARD

CIRCUITS ASSEMBLY congratulates  
**Yamaha Motor Corp.**  
“Z:TA-R/YSM40R Modular  
Surface Mounter”

COMPONENT  
PLACEMENT -  
HIGH SPEED

NEW PRODUCT INTRODUCTION AWARD

# THE TOTAL LINE SOLUTION

## Z:TAR YSM40R: The World's Fastest Chip Mounter at 200,000 CPH

### *Revolutionary Productivity and Speed in a Compact SMT Platform*

The Z:TAR YSM40R combines cutting-edge technology and innovation in its new high-speed rotary head design, delivering the world's fastest productivity in a compact mounter.

Flexible head options and intelligent software make the YSM40R the fastest mounter in its class.

New Product (NPI) Award  
Winner at IPC/APEX 2017

- Up to 200,000 Components per Hour
- Four Ultra-High-Speed Rotary Heads
- 2 Additional Quick Change Head Variations for Maximum Flexibility
- Dual Lane / 4 Beam Configuration
- 2.1 m<sup>2</sup> Compact Footprint
- Ultra-High Speed, Non-Stop Intelligent Feeders
- Carriage-Style Non-Stop Tray Supply
