Trans-Tec America to Showcase YAMAHA YCP-10 Printer at SMTAI

Marietta, Georgia, USA – Trans-Tec America, the leading distributor of Yamaha SMT equipment solutions in North America, will showcase the Yamaha YCP10 SMT solder paste printer in the Trans-Tec booth at the upcoming SMTA International - Electronics Manufacturing Conference and Exposition in Minneapolis November 2 & 3, 2022.

The YCP10 High Performance Compact Printer is Yamaha's mid-range printer and is fully equipped with 2D inspection, industry-exclusive 3S blade technology and print stability features for the best possible print yields. The YCP10 is a product of Yamaha Motor Corporation USA's Intelligent Machinery (IM) Division. Trans-Tec America is one of the longest-standing global partners for integrated modular assembly lines worldwide.

Along with Dan Czyzewicz of Trans-Tec America, in attendance at the booth will be Yamaha's George Babka and Andy Wittbrodt, who are working to bring awareness of Yamaha's One Stop Smart Solution, a full line of manufacturing equipment for the Semiconductor and SMT Manufacturing Industries.
